New journal: *Advances in Raptor Studies*

In February 1995, a new ornithological journal will commence publication. *Advances in Raptor Studies* welcomes original contributions pertaining to all aspects of the biology of birds of prey, including owls. Manuscripts will be accepted in English, with a complete summary in the author's language. For further information (instructions to authors, subscriptions *etc.*) write to:

The Editor, *Advances in Raptor Studies*,

Funds for conservation projects

BirdLife International and the Fauna and Flora Preservation Society, with support from British Petroleum, hold an annual competition for conservation exploration projects. Projects are judged especially on the level of host country involvement and the global importance of the conservation issues on which the project is focused. Proposals for 1995 expeditions must be entered no later than 31 December 1994. For further information, contact:
