### First record of Brown-backed Scrub Robin *Cercotrichas hartlaubi* in Nigeria

On 25 February 1997 we saw a Brown-backed Scrub Robin *Cercotrichas hartlaubi* near Gashaka village in Gashaka-Gumti National Park (7°20'N, 11°35'E). The bird was singing in the top of a leafless tree of about 15 m height and was observed at length from a distance of less than 50 m through a telescope of 30x magnification. It showed a conspicuous white supercilium, two white wing-bars, bright rufous upper tail-coverts contrasting with the dark grey-brown upperparts, a bright rufous tail with
