The Nigerian Ornithologists' Society :

Secretary and Treasurer : Mr. R. E. Sharland, P.O.Box 791, Kano.

Editor : Roy H. Parker, Dept. Zoology, University of Ibadan, Ibadan.

EDITORIAL.

The start of the new sized Bulletin sees the first part of a very comprehensive work on the Birds of Northern and Central Borgu by D.R.Wells and F.Walsh. A different projection of this work will appear in the Ibis at a future date.

Bob Sharland has now got plenty of rings, and people who can do some bird-banding in Nigeria should contact him as soon as possible.

I would like to remind members that subscriptions for 1969 are now long over due, and can be paid in either U.K. or Nigeria, we would like to retain the subscription at one guinea to help pay for the slight increase in the cost of producing the Bulletin.

To help me get the Bulletin out on time each quarter, I would be grateful if subscribers could let me have copy at least a week before the dates of issue, i.e, 1st April, 1st July, 1st October and 1st January.

It remains for me to thank all those people who have kept the Society a "going" concern over the first, and sometimes rather difficult, five years, and I hope that the Bulletin will continue to be a worthwhile and informative production for many years to come.

Roy H. Parker.
